

GTR2 Rabbit pAb

CatalogNo: YN1353

Key Features

Host Species

- Rabbit

Reactivity

- Human,Rat,Mouse,

Applications

- WB,ELISA

MW

- 57kD (Observed)

Isotype

- IgG

Recommended Dilution Ratios

WB 1:500-2000

ELISA 1:5000-20000

Storage

Storage* -15°C to -25°C/1 year(Do not lower than -25°C)

Formulation Liquid in PBS containing 50% glycerol, and 0.02% sodium azide.

Basic Information

Clonality Polyclonal

Immunogen Information

Immunogen Synthesized peptide derived from human protein . at AA range: 220-300

Specificity GTR2 Polyclonal Antibody detects endogenous levels of protein.

Target Information

Gene name SLC2A2 GLUT2

Protein Name Solute carrier family 2, facilitated glucose transporter member 2 (Glucose transporter type 2, liver) (GLUT-2)

Organism	Gene ID	UniProt ID
Human	6514;	P11168;
Mouse		P14246;
Rat		P12336;

Cellular Localization Cell membrane ; Multi-pass membrane protein .

Tissue specificity Liver, insulin-producing beta cell, small intestine and kidney.

Function Disease:Defects in SLC2A2 are the cause of Fanconi-Bickel syndrome (FBS) [MIM:227810]. FBS is a rare, well-defined clinical entity, inherited in an autosomal recessive mode and characterized by hepatorenal glycogen accumulation, proximal renal tubular dysfunction, and impaired utilization of glucose and galactose.,Function:Facilitative glucose transporter. This isoform likely mediates the bidirectional transfer of glucose across the plasma membrane of hepatocytes and is responsible for uptake of glucose by the beta cells; may comprise part of the glucose-sensing mechanism of the beta cell. May also participate with the Na(+)/glucose cotransporter in the transcellular transport of glucose in the small intestine and kidney.,online information:GLUT2 entry,PTM:N-glycosylated; required for stability and retention at the cell surface of pancreatic beta cells.,similarity:Belongs to the major facilitator superfamily. Sugar transporter (TC 2.A.1.1) family. Glucose transporter subfamily.,tissue specificity:Liver, insulin-producing beta cell, small intestine and kidney.,

Validation Data

Western Blot analysis of various cell lysis. Primary Antibody was diluted at 1:1000. Secondary antibody(catalog#:RS23920) was diluted at 1:10000
